Messrs Braun & Blanchard

Shipping Department

Dear Sirs,

We have just received a letter from our Porvenir Agent - Mr J. Covasevich - acknowledging the receipt of our letters of the 24th and 29th inst - in which we requested him to forward certain letters important to our Various sectional Managers in Tierra del Fuego giving urgent instructions re the taking of the Annual Inventory, therefore it is evident the former letter was not delivered until yesterday ( the recent voyage of the " Carolina " ) .

On asking your Mr Pettersen about it , he several times assured us that our correspondence of the 24th inst was sent over on that date ( first voyage of the " Carolina " ) , therefore the Captain failed to deliver it on that occasion.

Kindly point out to the Captain of the " Carolina " how important it is to us to deliver urgent letters at once , and not to keep them on board for several days, as it is not the first time he has caused us serious inconvenience by doing so. Recently he delivered a letter dated 24th March, addressed to Mr Covasevich re the shipping of sheep from Phillip Bay to the "Frigorificos" on this side , on the 1st of April on the Mole in Punta Arenas, from which carelessness

carelessness indirectly this Company lost considerably through the sheep losing weight holding them in the corrals, through the Manager at Phillip Bay not receiving our advices .

Yours faithfully

General - Manager
